### Need-Based Financial Assistance Addendum

This information is seen only by the finance committee and is not discussed outside this group. Financial information contained within your application is held confidential.

Students receiving financial assistance are expected to actively participate in Orchestra, be responsible, set good examples for other students and participate in all fund-raisers. The only way the Orchestra Guild can fund our trips, banquet, activities, equipment, etc., is through the fund-raisers. The money does not come from the city but through the hard work and commitment of the students and parents.
